What does a Scottish Food & Drink Ambassador actually do?

There's no typical Ambassador activity.

You choose the opportunities that interest you and fit around your work and personal commitments. Activities can take place **in person, online or a combination of both**.

You could...

Share your career journey

Talk about your role, how you got there, what a typical day looks like and what you enjoy (and don't) about working in Scotland's food and drink industry.

Provide CV and interview support

Help young people prepare for the world of work by sharing interview tips, reviewing CVs or offering careers advice.

Take part in Q&A sessions

Answer questions about your role, career pathway, qualifications, skills and what it's really like to work in the industry, warts & all.

Judge competitions and challenges

Support school competitions, product development challenges or classroom projects by sharing your expertise.

Support careers events

Take part in careers fairs, careers talks, networking events and other activities that showcase opportunities across Scotland's food and drink industry.

You don't need to do everything

Start with what feels manageable.

Whether you volunteer once a year or once a month, we'll help you find opportunities that match your interests, experience and availability.

Ready to get involved?

Whether you have an hour to spare or want to volunteer more regularly we want to hear from you.

Contact Emma and (Moira or register directly through the **STEM Learning platform**.
