Food and Drink Engineer of the Year 2018

Chris Quarmby, Control Systems Specialist, Lincoln Manufacturing, PepsiCo

fdf
AWARDS

food and drink federation

2018

WINNER

Chris has been at the Walkers Snack Foods, Lincoln site, since March 1991. Chris worked in many roles, e.g. General Operator and Engineering Store man, before completing his electrical qualifications. He then went on to become a Shift Technician and finally Control System Specialist. With his drive, energy, and passion, he has been involved with and led numerous successful projects over the years, receiving praise and recognition for his work

from colleagues and through various company-wide award schemes.

Throughout 2017, Chris has successfully delivered a number of projects which sit far outside of his day to day responsibilities. These have had a very positive effect on the morale of people working within the manufacturing environment.
